

Integration Update

July 30, 2019

As we addressed in our last **Integration Update**, we are committed to keeping employees informed and educated on this integration journey. We therefore will be sending “Integration Update” emails out every two weeks and will be posting them to our mobile site as well - **Baptist Health on the Go** (boca.baptisthealth.net/go). The “Integration Updates” will contain time-relevant information on various processes and initiatives, such as in HR, Operations or IT, and will also likely contain new Frequently Asked Questions (FAQs).

For our second **Integration Update**, please [CLICK HERE](#) to access our latest FAQs. We have also started archiving all the FAQs posted since our partnership became official on July 1. Please [CLICK HERE](#) to access the full list of FAQs which includes questions addressed in our first Integration Update, along with this update. We will continue to populate that document as time goes on and will update it on our mobile site **Baptist Health on the Go** (boca.baptisthealth.net/go).

Additionally, we look forward to having Boca Regional employees participate in Baptist Health’s upcoming Employee Engagement Survey, administered by Glint. The annual survey will launch on August 19th and run through September 8th. To learn more about Baptist Health’s engagement philosophy and the questions that will be included in the survey, all employees and leaders are invited to attend one of the information sessions being held at the Dawson Theater between July 30th and August 6th. In addition, leaders can learn about the Glint online engagement platform and action planning at sessions that will be offered during the week of August 12th. More information regarding this survey will be shared with you in the near future.

If you have any additional questions about the integration, please reach out to your leader or call our dedicated HR Hotline at 561-955-2266.
